

AMP Capital Investors

Due Diligence Questionnaire Response AMP Growth Fund

March 2026

Issued by: AMP Capital Investors Limited

SAMPLE DOCUMENT FOR DEMONSTRATION PURPOSES ONLY. This document contains synthetic data inspired by publicly available information and does not constitute financial advice.

1. Risk Management Framework

AMP Capital operates a three-lines-of-defence risk management framework:

- First line: Portfolio managers and investment teams are responsible for identifying and managing risks within their mandates.
- Second line: Independent Risk team (8 professionals) provides oversight, monitoring, and challenge.
- Third line: Internal Audit provides independent assurance on the effectiveness of risk controls.

Risk Governance

The Risk Committee meets monthly and comprises the CIO, Head of Risk, CFO, and two independent non-executive directors. The committee reviews:

- Portfolio risk metrics vs limits (VaR, CVaR, tracking error, concentration)
- Stress test results (scenarios updated quarterly)
- Operational risk events and near-misses
- Model risk assessments

Quantitative Risk Limits

Portfolio VaR (95%, 1-day)	Limit: 1.0% of NAV
CVaR (95%, 1-day)	Limit: 1.5% of NAV
Maximum Drawdown Trigger	-15% from peak (triggers IC review)
Tracking Error vs SAA	Hard limit: 8% p.a.
Single Issuer Limit	5% of NAV

Escalation procedures: Any limit breach triggers immediate notification to the Head of Risk, who must inform the Risk Committee Chair within 4 hours. The portfolio manager has 5 business days to rectify the breach. Persistent breaches (>10 days) are escalated to the Board.

2. Operational Infrastructure

Custodian

The fund's custodian is State Street Australia Limited (ABN 21 002 491 833), an APRA-regulated authorised deposit-taking institution. State Street provides custody, fund accounting, unit pricing, and registry services.

Systems

Order Management System	Bloomberg AIM
Portfolio Management System	SimCorp Dimension
Risk System	MSCI RiskMetrics / Barra
Compliance Monitoring	FIS Protegent (automated pre/post-trade)
Reconciliation	Daily automated recon (Duco)

External Audit

The fund is audited annually by PricewaterhouseCoopers (PwC). The most recent audit opinion (30 June 2025) was unqualified. PwC also provides the annual GS007 assurance report on custody and administration controls.

ISAE 3402 (SOC 1 Type II) reports are obtained annually from State Street covering custody and fund administration controls. The most recent report (December 2025) had no exceptions noted.

3. Key Person Risk & Succession

The AMP Growth Fund's investment process is team-based, reducing reliance on any single individual. Key mitigation measures:

- All investment decisions require Investment Committee approval (minimum 3 of 5 members)
- The CIO is not the sole decision-maker; the lead PM and Deputy CIO have co-authority
- All PMs have designated deputies who attend all IC meetings
- Documented investment process ensures continuity regardless of personnel changes

Team Depth

Total investment team 18 professionals

Average tenure 8.2 years

PM team average experience 18 years

Staff turnover (3-year avg) 12%

Succession plan: Formal succession plans exist for all senior roles. The Deputy CIO (15 years tenure) is the designated successor for the CIO role. Portfolio manager succession is documented and reviewed annually by the Board.

Key person clause in PDS: The PDS discloses that Anna Shelley (CIO) and the senior portfolio management team are material to the fund's investment process. A change in CIO triggers notification to investors within 10 business days.

4. Business Continuity & Disaster Recovery

AMP Capital maintains a comprehensive Business Continuity Plan (BCP) and Disaster Recovery (DR) framework:

BCP Key Parameters

Recovery Time Objective (RTO)	4 hours for critical systems
Recovery Point Objective (RPO)	1 hour (real-time replication)
Alternate Site	Fully equipped DR site in Parramatta, NSW
Remote Work Capability	100% of investment team can work remotely

Testing

BCP/DR testing is conducted semi-annually. The most recent test (November 2025) achieved full recovery of trading systems within 2.5 hours (within RTO). All investment staff successfully connected to DR site and executed simulated trades.

COVID-era experience: During 2020-21, the firm operated fully remotely for 14 months with no disruption to fund operations, trading, or client reporting. This experience validated the DR framework and led to permanent hybrid work arrangements and enhanced technology infrastructure.

The BCP is reviewed annually by the Board and updated for changes in technology, personnel, or premises. The most recent full review was completed in September 2025.

5. Compliance Program

AMP Capital's compliance program is structured around the requirements of AFSL 232030 and supervised by the Chief Compliance Officer (CCO), who reports directly to the Board.

Framework Components

- Annual compliance plan approved by the Board (updated January 2026)
- Automated trade surveillance (pre-trade and post-trade checks)
- Quarterly compliance reporting to the Risk & Compliance Committee
- Mandatory compliance training for all staff (annual completion rate: 100%)
- Whistleblower policy and hotline (independent third-party operated)

Breach Register

AMP Capital maintains a breach register as required under AFSL conditions. In the past three years, the AMP Growth Fund has recorded:

- 0 significant breaches reported to ASIC
- 3 minor operational breaches (all self-identified, rectified within 24 hours, no client impact)
- 0 enforceable undertakings or infringement notices

Minor breaches related to: one delayed trade reporting (system error), one temporary exceedance of cash limit by 0.2% (corrected same day), and one late filing of a routine regulatory return (1 day).

6. Conflicts of Interest Management

AMP Capital's Conflicts of Interest Policy covers the following areas:

Related Party Transactions

The AMP Growth Fund may invest in sub-funds managed by AMP Capital or affiliated entities. All such investments are made on arms-length terms and are subject to fee rebates that eliminate double-charging. Related party investments are disclosed in the fund's annual report and require independent director approval.

Personal Trading

All investment staff are subject to a Personal Trading Policy that requires:

- Pre-clearance of all personal securities trades via automated system
- 30-day minimum holding period for all personal investments
- Prohibition on trading securities on the fund's active buy/sell list
- Quarterly certification of compliance with the policy
- Annual disclosure of all brokerage accounts

Soft Dollar Policy

AMP Capital does not accept soft dollar arrangements. All brokerage commissions are allocated solely on best execution criteria. The firm conducts annual best execution reviews and reports outcomes to the Board.

Board Independence

The Responsible Entity Board comprises 6 directors, of whom 4 are independent non-executive directors. The Board Chair (independent) has no other commercial relationship with AMP Group. The Investment Committee includes one independent member.

7. Business Viability & Financial Stability

AMP Capital Investors Limited is a wholly-owned subsidiary of AMP Limited (ASX: AMP). Key financial indicators:

Parent Company	AMP Limited (ASX: AMP)
Parent Market Cap	~AUD 4.5 billion
AMP Capital Revenue	AUD 485 million (FY2025)
Net Profit	AUD 89 million (FY2025)
Capital Adequacy	Exceeds ASIC Financial Requirements

AUM Trend

Dec 2023	AUD 54.8 billion
Dec 2024	AUD 56.5 billion
Dec 2025	AUD 58.2 billion
3-Year CAGR	+4.2%

Staff Retention

AMP Capital has maintained stable staffing levels with below-industry turnover:

Total staff (investment)	142
Voluntary turnover (2025)	12% (industry: 18%)
Average tenure (investment)	7.8 years

The firm has not undertaken any significant redundancy programs in the past 3 years. Recruitment in 2025 focused on quantitative and technology roles to support process evolution.

8. Technology & Cyber Security

AMP Capital's technology infrastructure is enterprise-grade with the following security measures:

- ISO 27001 certified information security management system
- Annual penetration testing by independent assessors (most recent: October 2025, no critical findings)
- Multi-factor authentication for all systems access
- Real-time security monitoring via SOC (Security Operations Centre)
- Quarterly vulnerability assessments
- Mandatory cyber security training for all staff (phishing simulations monthly)

9. Valuation Policy

The fund's valuation policy follows ASIC Regulatory Guide 94 requirements:

- Listed securities: Last traded price on relevant exchange at valuation point
- Unlisted assets: Independent valuation at least annually; internal valuation quarterly
- Fixed income: Priced by independent pricing services (Bloomberg, ICE)
- Derivatives: Mark-to-market using independent pricing feeds

A Valuation Committee meets monthly to review pricing exceptions and stale prices. Material valuation adjustments require CIO and CFO sign-off.

10. Counterparty & Credit Risk

AMP Capital manages counterparty risk through:

- Minimum credit rating of A- for OTC derivative counterparties
- Daily margining on all OTC derivative positions
- ISDA Master Agreements with all derivative counterparties
- Counterparty exposure limits monitored daily
- Central clearing for all standardised derivatives

11. Liquidity Management

The fund maintains a liquidity management framework to meet redemption obligations:

- Minimum 80% of portfolio realisable within 7 days under normal conditions
- Stress testing of liquidity under adverse scenarios (quarterly)
- Liquidity buffer of 2-5% cash/near-cash maintained at all times
- Monitoring of fund flow patterns and large unitholder concentrations

12. Proxy Voting & Stewardship

AMP Capital exercises voting rights on all equity holdings in accordance with its Proxy Voting Policy:

- Voted on 98% of eligible resolutions in FY2025
- Voted against management on 14% of resolutions (primarily remuneration and board composition)
- Engaged directly with 85 companies on ESG issues in FY2025
- Published annual Stewardship Report

13. Distribution Policy

The AMP Growth Fund distributes income semi-annually (June and December). Distributions comprise dividends, interest, and realised capital gains. The fund does not maintain a managed payout or smoothing mechanism -- distributions reflect actual income earned.

14. Regulatory & Legal

AMP Capital confirms the following:

- AFSL 232030 is current and in good standing
- No current or pending regulatory actions, investigations, or proceedings
- No material litigation relating to the AMP Growth Fund
- Compliant with all APRA and ASIC reporting obligations
- Member of Australian Financial Complaints Authority (AFCA)
- Professional Indemnity insurance maintained at appropriate levels
